

NEW LANDMARK . . . Marineland will dedicate a new California landmark Friday in ceremonies scheduled for 10 a.m. The \$500,000 Sky Tower will take visitors to a height of 344 feet above sea level in a glass observation car which also rotates during the trip up and down a steel shaft. It will operate from 10 a.m. until sunset every day of the year.

Marineland Sky Tower to Open

Hundreds of dignitaries and press will gather at Marineland of the Pacific Friday for ceremonies officially opening its \$500,000 Sky Tower, a new California landmark stretching 414 feet above the ocean.

Officiating at the event will be Supervisor Burton Chace; William F. Monahan, executive vice president of Marineland; a 6-foot-6-inch beauty dubbed "Miss Sky Tower," and Cy the sea lion, oceanarium's genial greeter.

They will snip a ribbon sending clusters of brightly colored balloons skyward as the 60-passenger observation car makes a premiere trip up the steel shaft.

The tower, situated on a bluff 100 feet above the ocean, takes viewers to a height of 344 feet above sea level. A spire on the column stretches its height another 70 feet.

The observation car, traveling up and down the shaft something like a doughnut on a pencil, rotates one and one-half times going up, makes one full turn at the top, and rotates one and one-half times coming down.

The Sky Tower, located outside the gates of the oceanarium, will operate every day of the week from 10 a.m. until sunset.

Editor, Press-Herald:

It's not often that we have the opportunity to thank you personally for your newspaper's effort in behalf of our Los Angeles Tenth District California Congress of Parent and Teachers, but we want to express to you our appreciation for your generous interest in children and youth.

Our records show that the over-all news stories of our parent-teacher goals and purposes were favorably

met through printed releases seen in your newspaper.

We are indeed grateful to you for the many courtesies you have extended our organization and your excellent coverage given to our parent-teacher events this past school year.

Editor, Press-Herald:

I would like to express my appreciation, as well as that of the committee, for the wonderful publicity you gave us during the year. I feel that you were instrumental in making our fund-raising projects a success.

We are very grateful to you for your interest and cooperation.

Editor, Press-Herald:

It was with great interest that I read Jerry Reynolds' account of his visit to East and West Berlin.

Reading the impressions of an ordinary American tourist behind the Iron Curtain is one thing. But reading the professional reactions of a trained newspaperman is quite another. Mr. Reynolds brings to his impressions the objectivity of a journalist and writes of his experiences in compelling style.

He mentions having visited other cities during his month abroad. Let us hope that he will share some of these experiences with the Press-Herald readers.
